

October 14, 2025

Dear Valued Partners,

We hope this message finds you well.

We are pleased to announce the opening of our new office, the **Semiconductor Technical Center Kyushu**, as part of our ongoing efforts to expand and enhance our operations. The center officially began operations on **October 7, 2025**.

This new facility has been established to strengthen our technical support capabilities, with a particular focus on advanced and specialized surface treatment technologies in semiconductor manufacturing — a field that continues to grow in importance. Through this initiative, we aim to provide faster and more precise support to our clients.

All of us at Meltex are committed to deepening our technical expertise and delivering solutions that meet your expectations. We sincerely appreciate your continued support and guidance.
